

Siemens Water Technologies Corp.

Wallace & Tiernan

- Chemical Feed & Control
- Gas, Liquid Feed & Dry Feeders
- Chlorination/Dechlorination
- Diaphragm Metering Pumps
- Analyzers/Controllers
- Stocking Distributer
- Stranco - Parts & Equipment

Solar Bee

- Solar-Powered Circulators
- Ground Storage Tanks
- Waste Water Ponds
- BeeKeeper Service Program

Pulsa Feeder

- Chemical Metering Pumps
- Factory Skid Systems
- Controllers
- Parts & Service

Force Flow

- Gas Cylinder Scales
- Tank & Drum Scales
- Ultrasonic Tank Level

Intertec

- Shelters/Cabinets
- Control Boxes
- Instrument Sun Shades

TGO Technologies

- ChlorTainer - Vessels & Loaders
- Gaseous Chlorine Total Containment System
- Single & Dual 150 lb Vessels
- Ton Container Vessels

A S C O

- Solenoid Valves & Switches

Distribution

- Portable Auto Hydrant Flushers
- Automatic Flushing Device
- Sampling Stations

Watson - Marlow Bredel

- Chemical Metering Pumps
- Close-Coupled & Case Driven
- Parts & Service

Saf-T-Flo

- Chemical Injection Equipment
- Main Connections
- Retractable Injection Diffusers

Halogen Valve Systems

- Emergency Valve Shutoff System
- Ton Actuator Systems
- Cylinder Actuator Systems
- Gas Detectors

Safe Approach

- Hatch Net Fall Protection

Sonic Solutions

- Algae Control Without Chemicals

L M I

- Chemical Metering Pumps,
- Controllers & Accessories

Primary Fluids

- Calibration Cylinders
- Back Pressure/Relief Valves
- Pulsation Dampeners

Venturi Aeration

- Waste Water Conditioning
- Aeration
- Odor Control

Tanks

- Polypropylene - Fiberglass - Steel
- Bulk Storage Tanks
- Day Tanks
- Double Wall Tanks

Analyzers

- Hach
- Siemens W&T
- ATI
- Stranco
- Endress + Hauser

Service

- 7 Day/24 Hour On Call Service
- Factory Training
- Certified Field Technicians
- Texas W & WW Licensed
- Shop/Field Service
- Contract Maintenance
- Flow meter Certification
- Lease Equipment
- Gas Monitor Certification
- Training Programs

Inventory

- Parts & Equipment
- PVC Pipe, Valves, Fittings
- PM Kits , O-rings, Gaskets

System Design

- Temporary Equipment Systems
- SCADA
- System Performance
- Pump Performance Evaluation
- Flow Testing

Construction

- Preventive Maintenance Programs
- Installation
- Design Service

Flow Meters

- Pipe Flow Meters & Open Channel
- Calibration

Product

Moody Bros., Inc. provides products from the most respected companies in their fields; along with knowledgeable sales support.

Service

Our service technicians are highly skilled, factory-trained, and are dedicated to assisting you in maintaining and repairing systems in the most efficient manner.

Dependability

For over 27 years Moody Bros., Inc. has taken pride in striving to offer our customers quality products, backed by experienced service.

We look forward to supplying that same dependable combination for many years to come.
